### **DETAILED ACTION**

1. This is in response to the Applicant's arguments, and amendments filed on January 24, 2006 in which claims 1-17 and 20 have canceled. Claim 18 has been amended. Claims 18-19 and 21 are currently pending.

#### ***Allowable Subject Matter***

2. After a thorough search and examination of the present application, claims 18, 19, and 21, renumbered as 1-3 respectively, are found to be in condition of allowance.

3. The following is an examiner's statement of reasons for allowance: the cited prior arts teach a protective cover for a telephone having a keypad, display and the cover formed from a single extending piece of a sheet of plastic.

On the other hand, the Applicant teaches, inter alia, the cover comprising two lateral extensions on each lateral side of the piece, one pair of the extensions being on either lateral side of the top zone and the other pair of the extensions being on either lateral side of the back zone, the piece being folded along a generally transverse line between the top zone and back zone such that the respective lateral extensions on each lateral side encounter one another, the encountering extensions being secured to one another and thus running generally along sides of the telephone when the cover is mounted thereto. This limitation, in conjunction with all limitations of the independent claims have not been disclosed, taught, or made obvious over the prior art of record.

Art Unit: 2688

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
